The best, most fun and very professional safari!!
Oct 2024 • Couples

We had the most beautiful safari and the best time with Julius! Julius has so much knowledge about the national parks and the wildlife within the parks. We have seen the big 5, the great migration and sooo many more animals (even a python, baby cheetah and several (!) leopards!). Julius knew where to find the animals, drove fast but safely and could tell us so much information about the animals! He showed us the most beautiful spots, could alter the safari to any of our wishes and we had so much fun. The cook, Enok, was such a sweet guy and he made the most delicious and nutritious meals for us. 100% when I'm back for safari in Tanzania I'll go to Julius again. Thank you so much for everything!

Unforgettable trip and amazing guide
Oct 2024 • Friends

The journey to Africa made me see life through different eyes. I was deeply impressed by the soulful beauty of these people. I loved watching their kindness in helping each other and their special care in making us feel welcome. For me, this was more beautiful than anything else. Our guide Julius is no exception. He was incredibly polite and made us feel welcome throughout the trip. His deep knowledge of the area and insightful explanations added so much to our experience. He answered all of our questions patiently and genuinely enhanced our understanding and enjoyment of the journey. I wish him to keep up the good work and be surrounded by kind people and beautiful experiences in his life!

Unforgettable Safari Adventure in Tanzania: Wildlife Encounters and Breathtaking Landscapes
Oct 2024 • Friends

Tanzania, what a great experience for us! 5 days of safari with Trackless Wild and Julius Naman, we couldn't have asked for a better experience. Julius was fantastic and really connected with us, his English is excellent, he said that German also but we don't speak German. 😊 He has a great passion for wildlife and for showing the best spots to his tourists, to make them feel great. We saw all the big and tiny animals, a lot of birds that Julius knows so well, we received a lot of info, care and joy from Julius. Asante sana bwana, no more lala 😊, we hope to meet you again! And we fully recommend Julius for a stunning experience, that might create addiction. ❤️
